

SECTION VII

INSTITUTIONAL SUPPORT OPERATIONS

This section contains data on educational and general expenditures as well as revenue by functional category at The University of Mississippi. Data are also included on academic year tuition and required fees, dormitory occupancy, and academic buildings.

Highlights:

- (1) More than one-half of all annual expenditures at the University are made in direct support of instruction, research, and public service.
- (2) Between FY 98-99 and FY 99-00, the expenditures for Instruction, Academic Support, Student Services, Public Service, Research, and Operation and Maintenance of Physical Plant increased.
- (3) Twelve cents of every dollar spent at the University is for scholarships or fellowships.
- (4) During the Fall Semester 2000, dormitory occupancy was at 90.3%. The data on dormitory occupancy and capacity does not reflect any allowance for the number of private rooms provided upon request as space allows.
